

Did you know that your Machine can Speak?

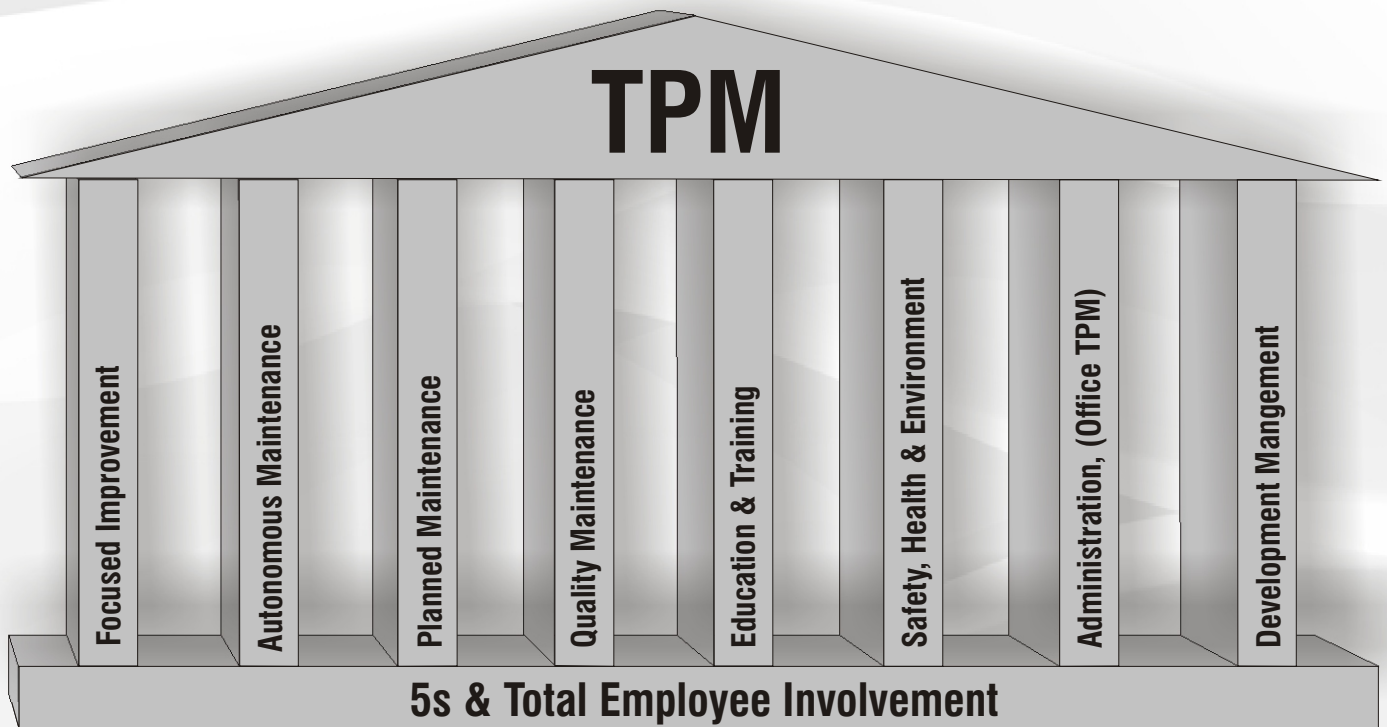

YES ! Machines Can Speak, Smile and Cry ! Only a TPM Competent Employee can Recognize this

Do you want to achieve the following ?

- ✍ Reduce Machine Breakdowns and close to ZERO breakdowns
- ✍ Improve MTBF (Mean Time Between Failures)
- ✍ Reduce MTTR (Mean time to Repair)
- ✍ Improve Life of Machine parts/Spares
- ✍ Make Operators competent and own their Machines?
- ✍ Zero Accidents
- ✍ Zero Quality Issues because of Machine
- ✍ Improve OEE (Overall Equipment Efficiency)

Please turn page to know more about TPM

Here is the Solution !

TPM (Total Productive Maintenance) is developed by JiPM – Japanese Institute for Plant Maintenance with the aim of achieving ZERO BAD (Breakdowns-Accidents-Defects) and Maximum OEE through Total Employee Involvement. It is achieved through deployment of 8 pillar module step-by-step with the help of experts.

Seven Steps Business Transformation Systems provides training and consultancy to implement TPM with clear milestones and Metrics. Our TPM Facilitators are trained by Japanese and have more than 10 Years rich experience in implementing TPM in multiple Industries.

Results Achieved by organizations implementing TPM

- Productivity Improvement  40 % to 60 %
- Machine Utilization  25 % to 40 %
- Defects Reduction  50 % to 80 %
- Breakdowns  Close to ZERO
- Accidents  Close to ZERO
- Employee Kaizens  min 1 /emp/month
- Cost (Spares/Consumables)  30% to 40 %
