

# “One powerful concept”

*Once the CEO of a Multi billion dollar organization requested a team of Gurus and Consultants to summarize all wisdom of Business Excellence .After months of hard-work, the team came out with a 1000 page summary . The CEO said it is too large to digest and requested them to simplify it. After several weeks the team compressed the wisdom into a 100 page document. The CEO once again requested them to make it even simpler and after few more weeks the team was able to make a one page summary. Now the CEO asked one final question.*

*“Can you recommend one powerful concept out of this entire wisdom, if any organization implement this one concept ,it must be able to achieve success faster than its competition .The more they practice it, the more benefit they should reap “*

*The team took it as a challenge and did all the homework to find out one Mantra which is simple but powerful, derived out of several years of wisdom and here it is .....*

*one powerful concept out of this entire wisdom, if any organization implement this one concept can achieve success faster than its competition .The more they practice it, more benefit they should reap “ and it is .....*

The more you practice it, the more probability  
for success

# PDCA – Few Facts

- More frequent PDCA – More opportunities for correcting the mistakes
- Organization works one level down if PDCA is not practiced at all levels. Ex: CEO do GMs Job, GM will do Managers Job and so on....
- PDCA is mother of Six Sigma, Lean and other concepts
- The root cause for any failures is missing of one or more legs of PDCA.

Make  
**PDCA**

**A Way of Life**

**Thank you....**

We are what we  
repeatedly do.  
Excellence then, is  
not an act, but a  
habit.
