

# “How to get 2 extra days in a month?”

A Study by Wall street Journal, concluded that we spend(Waste) 6 weeks in a year just for searching, Both at Home and work place. Searching for files, keys, documents, Stationeries etc... If we even save 60 % of this time, we get two additional days in a month. It is possible by organizing our workplaces. Japanese method of 5S is a simple but powerful technique to help us in organizing things.
