

*“Experience is a comb which Nature gives to man
after he is bald”*

It is a Thai saying. So what the bald man do with the comb? He can share the same with the people who need it. If somebody offers his comb let us borrow it & use instead of re-inventing the wheel. If we are bald let us share the comb with others.

More food for thought : If we could sell our experiences for what they cost us, we would all be millionaires.
